State Statute/Rule/ Policy	Description of Statute/Rule/Policy	Replacement Policy/Practice	How will waiver of this statute/rule/policy help student achievement?	Date of Approval	Length of approved waiver	Conditions on Waiver
T.C.A. § 49-6-303 State Board School Counseling Model and Standards Policy 5.103	School Counseling	KIPP Nashville will use a social worker in place of a counselor to best serve the student population in the school	T.C.A. 49-5-101 and State Board Policy 5.502 inhibits/hinders KACPE's mission of cultivating in our students the academic and character skills needed for them to succeed in high school, college and life beyond by restricting the amount of counseling work related with home, environmental, societal, and cultural issues our students face at KACPE. KACPE serves a very diverse community with a large immigrant population. Immigrant families can potentially deal with acculturation issues/concerns, poverty, fear of deportation, PTSD from experiences in their home countries, attachment issues if families have been separated from early in a child's life and more. For KCAPE to fulfill its mission of helping students building academic and character skills, our MSW will need to engage students and families in more clicnial individual, small group, family and crisis counseling to support them through their academic careers. A Professional School Counselor would inhibit us from achieving our mission because of the lack of training successfully work with the intensity of issues that our school population faces, which would lead to factors impeding on the academic skills being taught.	8/6/2018	Approved for School Year 2018-19	1) The school social worker cannot be a teacher of record for any class or course; and 2) The school social worker cannot perform any duties of a school counselor unless those duties are specifically aligned to training received as part of his/her educator preparation program.
			Secondly, T.C.A. 49-5-101 and State Board Policy 5.502 inhibits/hinders KACPE's 'Imperative #2: Our students are staying with us' by not receiving training on extensive referrals and access to resources. Resource linkage for immigrant families, families in poverty, translation services, housing, food supplies, legal services, and more is imperative for our students and families to remain enrolled at KACPE. For example, helping secure stable housing can prevent relocation to another school. Additionally, with the support of community resource linkage the family will then see the school as an extension of their support system, which will deepen their ties with the school community.
